OF WESTPORT

# AP COMPUTER SCIENCE BOOT CAMP

Our AP Computer Science Boot Camp offers a comprehensive and intensive week-long program designed to prepare students for success on the AP Computer Science A exam. Students will engage in a variety of interactive lectures, hands-on coding exercises, and practice exams, building a solid foundation in computer science principles and honing their Java programming skills.

Lauren is a recent graduate from the University of California, Berkeley, with a B.S. in Electrical Engineering and Computer Science. In addition to playing on the women’s lacrosse team at Berkeley, Lauren was a member of the Pi Beta Phi sorority and active in Girls Who Code as an instructor and program director. Lauren was also a peer tutor throughout high school and continued her passion for teaching others at UC Berkeley as a private tutor. Lauren currently works as a full-stack software engineer at an exciting Fintech startup and is excited to continue teaching. Lauren is also writing a children’s book in collaboration with a charitable organization to support girls with STEM interests.
